

# PALLET RACK PROTECTION

LEADING THE REVOLUTION IN PALLET RACK SAFETY

# Pallet Rack Protection Solutions

Our protection solutions are designed to fit all types of pallet rack applications protecting the bottom of the upright where most damage occurs. All-welded construction and durable, powder coat safety yellow finish will increase awareness and help prevent damage to your pallet rack investment. All of our solutions are designed and manufactured to the highest quality and engineering standards in the industry. Keep your warehouse safe with protection solutions from Worldwide Material Handling.
